If we have not listed the above varieties in the sizes and quantities you wish, please send a list of your requirements and we will be glad to quote you if we can.

Please do not order less than 20 cents worth of any one item.

SUBSTITUTION: If out of the size ordered, we will substitute as near as possible to the size ordered IN THE SAME VARIETY. If entirely out of that variety, SHALL WE SUBSTITUTE with more than equal value of a variety that is in our opinion, a better variety, applying the golden rule in such substitutions?

ORDER EARLY—We have only a limited quantity of some of the varieties herein listed. We select the best bulbs we have in filling orders so the early orders are filled with bulbs of extra quality. However, we make every effort to have ALL our stock, HEALTHY, YOUNG, FREE FROM DISEASE and TRUE TO NAME.

We give **STRONG COUNT** and always plan to include, GRATIS, some varieties which we consider well worth your trying out and we will appreciate your opinion of them later.

WERE YOU EVER DISAPPOINTED in expensive bulblets failing to germinate? **WE WANT OUR CUSTOMERS SATISFIED.** Therefore, with every order, if requested, we will enclose instructions for germinating bulblets. If these instructions are followed carefully, we believe you will get a high percentage of germination.

SIDELIGHTS

GLORIANA: "To see is to believe" in the future of this glory. Get your stock now and cash in later. Florists and exhibitors revel in Gloriana.

VICTOR and HINEMOA: These Australian varieties are the most striking glads we know of because of their great color contrasts. If you are exhibiting, you will want these, especially VICTOR.

GANBERRA: A fine yellow.

ANGEL'S DREAM: Universally proclaimed a dream!

THOMAS A. EDISON (K.) One of Kunderd's very best.

DR. MOODY: Vies with Minuet but much better propagator.

OREGON QUEEN: Don't miss this cream glad resembling Easter lilies.

RIPPLING WATERS: Try it in a vase or floral piece with Minuet.

MRS. LEO E. MILLER: In a letter received from Mr. Joe Partain, the originator of Pres. Harding, he says, "Mrs. Leo E. Miller is the prettiest glad I have ever seen."

D'AGUESSEAU: A very odd one and fine for exhibition use; a strong grower and large flower.

MORE SIDELIGHTS

BENGAL BEAUTY: Attracts much attention wherever shown.

MARY GARDEN: This is one of G. G. Piper's most promising originations. It is a splendid white of heavy texture, with pinkish lavender embroidery around the edges. The florets are large, many open, wide open, on a well formed spike. This is a glad with a future before it. Don't miss getting a start of it NOW. This is the first time it has been offered.

CHIEF JOSEPH: Mr. Piper planned to introduce this at \$5.00 per bulb as stated in our Summer-Set Circular but because it sometimes fades in the sun he decided to introduce it at \$2.00. It is well worth growing, however, a very tall, strong growing glad, often blooming from bulblet and a good propagator. Those who ordered this glad this summer will receive three times the quantity ordered.

MAMMOTH WHITE, BOBBY DOUGLAS, ALBATROS, MARY O' MINE, and JONKHEER VAN TETS: The world's greatest whites.

RED GLORY: A great exhibition glad.

ELLEN C. JACOBSEN: A new one well worth growing.

MRS. P. W. SISSON: One of the very best.

Laek of space forbids more enlightenment!
